

Fountains at Summerfield Condominiums

Volunteer Committees

The Fountains Board of Directors is a volunteer group of homeowners with general knowledge and understanding of the Association daily operations. They have knowledge and understanding about the governmental regulations and ensure that the Fountains complies with those requirements.

The Finance and Budget Committee is composed of homeowners and members of the Board, charged with making decisions concerning the financial affairs of the Association. The committee recommends an annual budget based on the annual reserve study, financial and other policies, and monitors the investments.

The Hospitality Committee takes pride in welcoming new residents to our beautiful community! They help acquaint you with the community and provide you with a comprehensive packet of informational material. A committee member usually meets with the new resident in person and encourages them to attend of the three “Newcomer Welcome Receptions” held each year to enable the new residents to tour the clubhouse and meet other residents also new to the community.

The Landscape Committee is dedicated to maintaining the attractiveness and property values of the Fountains. The committee works with landscape contractors to keep our property well maintained. We all take pride in and enjoy the beauty of the Fountains and our goal is to keep it attractive for all to enjoy!

The Maintenance Committee works hard to ensure that our beautiful community is well maintained, safe and secure. This committee inspects our grounds and property for necessary maintenance and repairs and make recommendations to the Board.

The Neighborhood Watch program has nine Block Captains who assist in many different ways. They protect the neighborhood from harm as well as making sure that all homeowners are safe. The Fountains Neighborhood watch Committee work closely with the Summerfield Civic Association Neighborhood Watch Committee which is comprised of a chairman, 15 area coordinators and 97 block captains. There are a total of 115 people working toward the goal of keeping all Summerfield safe!

We encourage homeowners to volunteer!
